A Message from the Career Management Centre Executive Director

The CMC understands how crucial it is to hire top talent and is committed to working with you to ensure that you connect with the right students and alumni from our programs. We are here to provide you with everything you need to enhance your company's brand awareness on campus, stay connected with students and alumni and facilitate the recruitment process by helping you identify, qualify and interview outstanding candidates. Our goal is to ensure your recruiting experience is seamless, well executed and gets you results.

In this resume book, you will find the resumes of many of our talented Master of Science in Finance students, available for full time opportunities starting in January. These should provide you with a snapshot of the breadth of their educational backgrounds and professional experience as well as highlights of the community involvement and extracurricular activities that make Beedie students so well-rounded.

We are confident that upon review of these resumes, you will find a candidate that you want to connect with, either by contacting them directly with the contact information provided or through a CMC facilitated introduction.

The staff of the CMC are here to help you connect to the students, alumni, and faculty of the Beedie School of Business. Please contact me to discuss how we can help your organization attract and recruit talent from the Beedie School of Business.

We look forward to working with you.

Christine Sjolander
